Artistic research practices & discussions

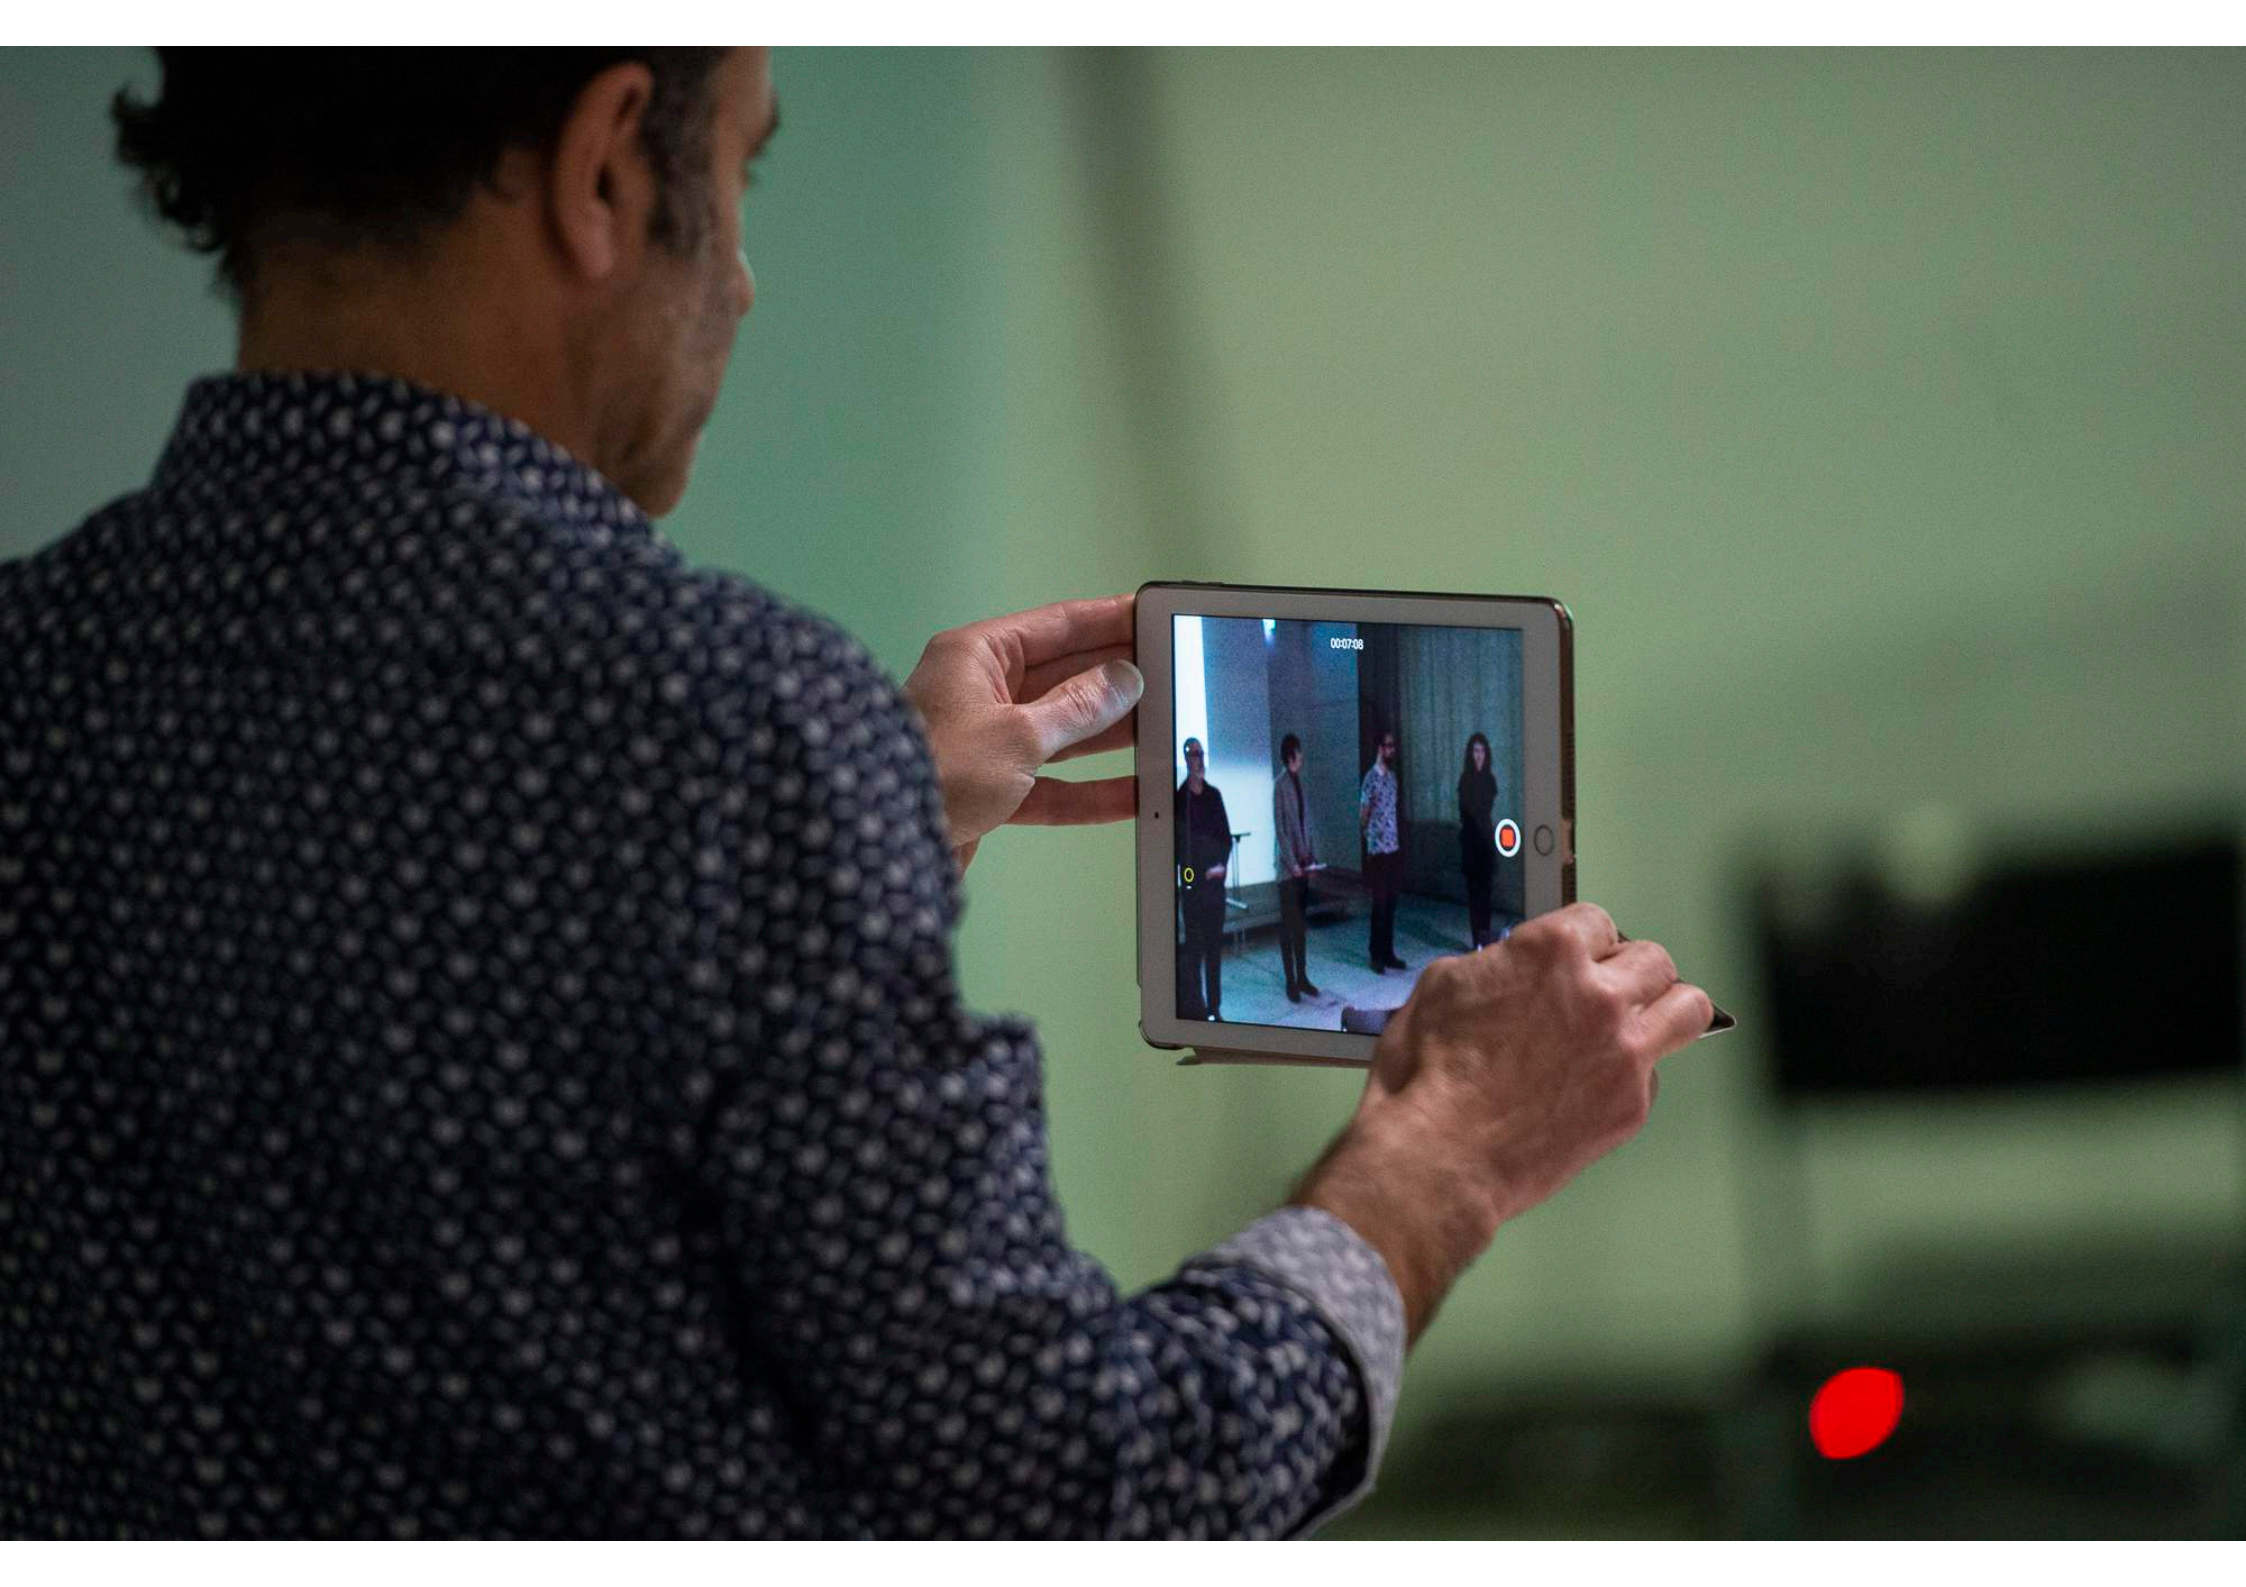

See also:
Hypocrite

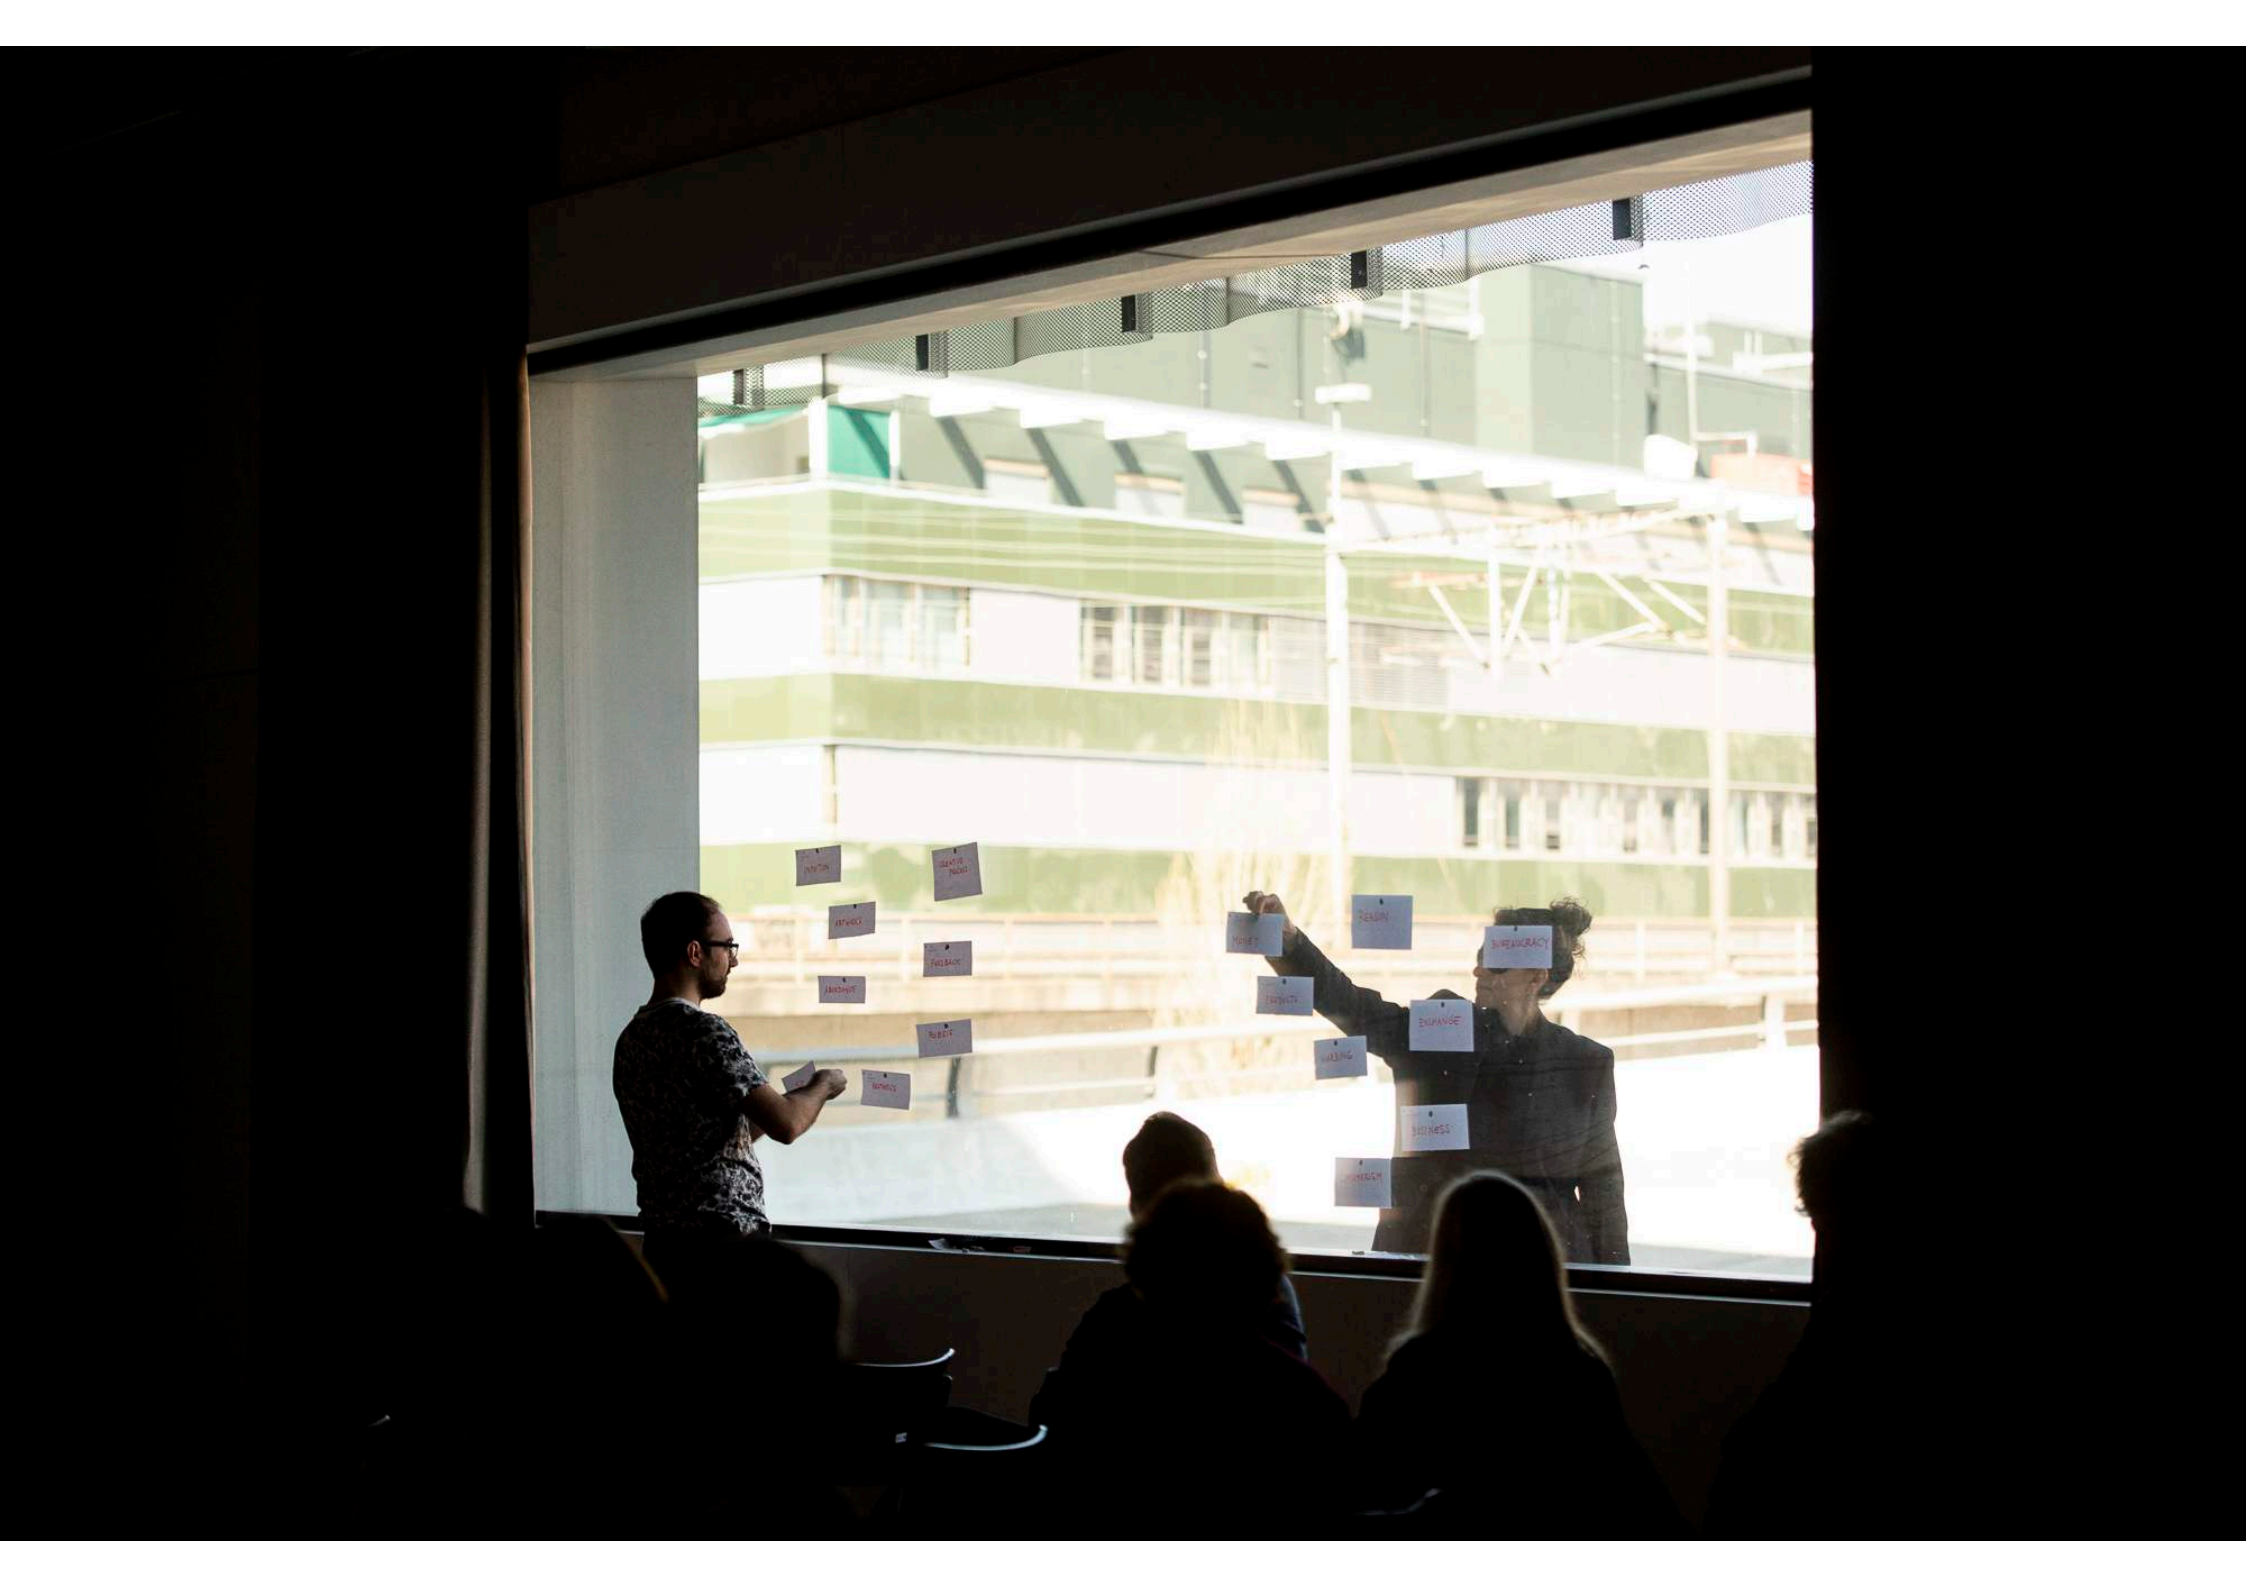

Greek, Hypokrites, 'stage actor, dissembler'
from hypo-, 'under', and krinein,
'to interpret, to decide, to judge'.

'The one who judges from underneath.'

1. How do we make institutions/how can we keep the infrastructural productively indeterminate?
 - a. Does this mean that we can research without an object?
 - b. More specifically, does artistic research need an object?
2. How to make artistic research through infrastructure?
3. How can we see the institution/infrastructure differently?
