Tracing the East
1-31 May, 2020

New Geographies and the East Contemporary Visual Arts Network (ECVAN) are delighted to announce *Tracing the East*, a series of digital events and new audio-visual content that reflect on the traces of *New Geographies*.

Over the month of May 2020, *Tracing the East* was an opportunity to come together with the artists and ECVAN to experience some of the works that were produced and discuss and reflect on three key themes that emerged from the ten commissions: Population, Landscape and History.

Including Films, Podcasts, Audio works, Live-streamed performances and Live panel discussion events.

Click the Event Links below to watch recordings of the events.
