Dear Joost,

Again first of all I would like to say thank you for yesterday. I am happy with the direction the work is taking and looking forward to dig deeper in it.

The work in the morning made me feel really bad in a way but afterwards I somehow did feel more open.

Yesterday felt like a good day to me and I was having a lot of fun working on the materials!

This time I don't have much more to write except that I very much appreciate to go back to pen and paper and write letters!  
Let's keep on going! "

Joany ♥
