6<sup>30</sup> F comes to our room. I wake up, shower, stay in bed

7<sup>10</sup> I get up, after everybody else, sleepy. I drop my feet, leg behind

7<sup>20</sup> Eating breakfast, saying goodbye to children. F and I fight about her having/taking my headphones

8<sup>10</sup> Get dressed, make up, talk to M a little, muck about the house, cleaning.

8<sup>30</sup> Call to mom. Emotional. Regarding family situation in the US

9-13 P-G exam, day 2. Lots of writing as I wish to record most of what is said, may be for further review

13<sup>10</sup>-13<sup>30</sup> Lunch

13<sup>30</sup>-15<sup>30</sup> Emailing, reading. Feeling sleepy. Office. No reading

15<sup>30</sup>-18<sup>30</sup> Shopping date with F. Big Mall, depressing too many people. All the shops the same everywhere. Feels inhuman

18<sup>30</sup>-19<sup>15</sup> Writing example diary. Reflecting on its format, trying to figure out system. Realise I need a larger notebook than the tiny one I bought at the mall.

P.S. I think I recorded a video today about the work.
