## ARCHITECT

micaela.delpuerto@gmail.com  
(+32) 0456 24 46 48  
Korenmarkt, Ghent, Belgium  
linkedin.com/in/micaela-del-puerto

Architect currently studying a Master of Architecture at KU Leuven University in Belgium and searching new opportunities to continue developing professionally. Active, conciliatory person who works very well as a team and under pressure. Not afraid of challenges and always looking to get out of her comfort zone. It is for this last that whenever she can she makes experiences abroad to nourish herself from different cultures, work methods and expand her horizon.

### EXPERIENCE

|                                   |                                                                                                                                                                                                                                                                                                        |                      |
