

Ophelia is really amazing to seat next to you final sit
opposite you like this it feels like back when we were alive we never
got the chance to you know sit down face to face

Yeah because you were always uh too busy with uh [laughs softly]
I'm saying that you had to do I guess

Yeah I'm really sorry about that I'm also really sorry that you had to get pulled into all of this mess it /uh

/Yeah

it's ok

that you I want to apologise
got sucked into it

Well
if I hadn't I don't think we would be here now together [laughs
softly]

No do you think you would still be alive if you
had if somehow you haven't got involved with our
family?

I think yeah

Mmh

But I think we would both be alive [laughs softly]
it's hard to see how

If you hadn't
also been involved with my family you think that I would still be alive
too?

Yeah

it's hard to see how we c-
we are not tied together somehow

Mmmm

Even if

how how would you?

Like if it there hadn't also
been you I would have made the right decisions? Or
mmh /not

/Yeah

Mmm

/Or

/Maybe you're right

I wouldn't have-
I could have helped you

To work through things?

Yeah

Yeah that's why it feels like it's really good that we sit opposite each /other

/[Breaths]

Now and I wonder why we didn't

[Breaths]

Somehow

[Breaths]

before Take a pause for that
 /I mean

/ I

it's so nice
that afterlife is kind of relieving right? Cause all there is is time

[laughs softly]

and somehow being alive it felt like
there wasn't any or that things kept moving without a pause

Until the end

Yeah

Where

Like there was no time for stopping and

It was one page after the other

It was one page after the other

One scene after the next

Yeah [laughs softly]

Yeah it kind of snowballed

Mmh

So maybe I don't know maybe it would have been
better if we were both still alive and this hadn't happened but

I don't think we would be...

But maybe something
else would have happened instead

Yeah I don't think you would have known about me if things hadn't happen the way they had

But we met a long time ago

Did we? [laughs]

think so

I

Hmm

At least I have a memory of having met you when we were both very young

Mmm

/Am I thinking

/I'm

think so of someone else? I don't
no?

you don't remember when we first met I'm a bit offended

when we first met But you don't remember

Hmm I do [laughs softly]

did we first meet? Ok when

uh Hmm

you turned it around on me

[Laughs]

[Laughs]

well
I felt like you were saying that I
didn't care about you so rather than

I am sorry I'm a
bit uh it's hard for me to live the past [laughs]
any past

Even now when so much is changed?

Well what has changed? [laughs softly]
/I mean we

/No more /body
no more mortality

/Uh mmm

No more kingdom

No more long read hair

No
you don't have that anymore

It's true

[Laughs]
yeah

Somehow I've changed

/and you've changed

/But

[Laughs]

were you depressed?

I mean

I

Hmmm

But somehow I sssssaw you as being so

alone

/Yeah I felt

/And

Very alone

I wanted to be there for you and
I mean /couldn't

/But I think I felt like if I
I think I felt like letting you be there for me
would somehow bring you more into the mess and it like that happened
anyway

Yeah

Like I think partly by shutting you out I was trying to keep a bit of
distance for you and for me from this and to not bring what we had into
all of what was happening but
yeah I mean clearly that didn't work

That distance uh

just spiraled me [laughs softly]
further and further in until I was just [laughs softly]
going down the drain

yeah I know

/But how did you end up

here

/But

you don't think there was something in there with you before?

Maybe

Cause you also could have ask other people for help
or connect it out into others like how did it become that you
got so sucked into the spiral of of me and this like
why was there not a
you also could have connect it out into the rest of the world

But we were shut out

all the way in
rotten Denmark [laughs softly]

[Laughs softly]

/wher

e else was there to go?

/Rotten Denmark is still quite big I don't know Malmö?

[Laughs softly]

[Laughs softly] you could have cross the water

/I think that was

part of

It's true it was

Denmark when we had it [laughs softly]

Yeah fair point

But what happened to you how did you get here?

I mean it feels really blurry
because towards the end of my life it felt so I couldn't really tell the
difference between what was real and what wasn't

Mmm

And so to try and kind of piece that back together I don't know
if I can like you say there
was this spiral and this looping
and I remember this feeling that I just had to
all it needed was to make a decision

Hmmm

And for that decision to somehow be
the right one, and then everything would fall back into place But it
felt impossible to know what the right one would be
and so
and yet so vitally important that I would
that I did

Hmm

But I don't know there was something towards the end
that was like a play and /my uncle

/[Breaths]

and
you but that had happened a while before I died

[Breaths]

And obviously my mother

/Oh your mother too?

/It got really messy I
think so as I say towards the end it's hard to know what was
real and what was cause you know I felt I saw the ghost of my dad?

Yeah

/So then it became

/He's here around here? I mean /have you seen him
since?

/I

mean I have I did see him recently actually

Hmm

Yeah like I say it
feels so as if in this after life there is so much more time for
people

Mmmm

More time than I had before

[Breaths]

I do I mean I haven't yet worked up the
courage to ask him why he put all that pressure on me? Like why come
the why go to all the trouble of coming back from the dead just to
cause

[Breaths]

To put all that pressure on your child? I don't know if I would do
that

But wasn't he trying to

/

/Just stay dead when you're dead

well clearly hmm

[Laughs]
/we're in this [laughs]

/I know but we're not bothering the
living we're only bothering each other [laughs]

But

was he trying to
save you?

Was he trying to warn you?

I don't know I feel like that was all part of his crap
from when I was small around duty and kingliness. I don't know if it
was so much about me or saving me

Mmmm

kingdom of Denmark perhaps from Maybe like saving the

rottenness Mmm from its

From its rottenness from its miserable
yeah I mean I always think that he cared more about that duty
and the
and the kingdom than he did about me as

/Mmm

maybe that's what comes from /Individual person but

/But isn't

/Being royal

Yeah

that's the responsibility [laughs softly]

Yeah

To take on
/but you never asked

outside of the work /There's no like gaps

/No

/The work of ruling it takes from all of the

/Yeah

moments of your life

And you're never asked hmm
if it's what you want you just are born into it

Yeah

In this weird circumstance

I mean there was no way I mean
aside from being here

Hmmm

[breaths)

Maybe this is the freest I felt since I was born actually I don't have to think about what my duty towards the kingdom is anymore unless I should also go visiting the dead and tell the living and telling them what to do

Mmm

But...

seem /But you don't

interested in that /I'm not very

/Yeah

/but also

visiting any living people since you /And you? have you been
passed into this realm?

No
or maybe? sometimes when I sleep I
can't tell where I am

 Mm
somehow /pass back over in your sleep? if you

 /Gone back
yeah

Who do you see? or where do you go?

just have a feeling I

Hmmm

That I have been there [laughs
softly]

To another place?

/To

/Or to the

living place?

here To the- somewhere else somewhere not

Mmmm

Like just images

And what does it feel like?

Two dimensional

[laughs]

[laughs]

Literally? Like a cartoon

Like

Or a film

Like a painting

Like a painting?

[laughs]

I mean they
made some great paintings out of you

/Did

/I don't know if there is any ahem

/I
haven't seen any of them

Well it might be worth it a visit to the living
to look at them [laughs]

[Laughs]

I'm flattered

I don't know if
there is a consolation for not making it out of your teens but
[sighs]

[Laughs]

/Probably not

/Yeah we were quite young

Yeah and I guess at least with killing yourself you made some kind of you had some kind of level of control no?

I mean it's
kind of the
final choice

Yeah like I said before I'm
really sorry you had to make it what would you have
done with your life if you hadn't died?

[Sighs]
It doesn't really matter because
I would have ended up here anyway [laughs softly]

Eventually but I don't know if I
ever asked you actually what you wanted to do with your life
/I mean this is the horrible thing

/Mmm

about kingliness it was so much about
me and about that /like I

/ Hm

What did you wanna do?

[Laughing]No one's ever asked me that before

Mhh

I haven't given that much thought

timeless place Although we are in this

Mmm

/of the afterlife

/[Laughs]

keep /The living do have some time to

yeah

/[Laughs]

We can talk again

Ok

[Laughs]

[Laughs]

I was like ohh

[Laughs]

gonna be more moving than I thought /It's

/[Laughs]
