

Three principles and an acronym

Hallvard Fossheim (May, 2024)

Research ethics:

an ethics of *principles*; concerns *interaction*; *integrated* in research; *irreducible* to law

PRINCIPLE	PARADIGMATIC EXAMPLE	NORMATIVE THEORY
<i>Respect</i> for persons	Milgram	Kant
Good <i>consequences</i>	Manhattan	Consequentialism
<i>Justice</i>	Tuskegee	

Respect for persons:

Voluntary ... informed ... consent

Data:

Anonymized—de-personified—personal—sensitive

Researcher integrity:

CUDOS (enemy: FFP)

- Communalism
- Universalism
- Disinterestedness
- Organized
- Scepticism
