

Stranger  
What do you hide  
From me

Stranger  
A field of warm blood  
Horses  
Running on the ice

Strange mother  
Of all horses  
In your eyes  
I'm begging you  
Let me know

Mother's money  
Let me pay you  
Until your worthless  
Then let me kill you  
In the most painless way

Stranger pay  
Stranger play  
Stranger  
Who do you want to be  
Can you explain to me

Behind the sky there is  
Eternity  
Epona walking with  
Your strange soul  
In the after-life
