## EXPERIENCE

### LECTURER

2018 - Present | Media Design School | Bachelor of Media Design

As a lecturer and program developer, I integrate Graphic Design, Interactive Design, Motion Design, and Photography in the year 3 (Level 7) program. I excel in blended learning, capstone project leadership, community engagement, research, and marketing, ensuring students are well-prepared for their future careers.

### FREELANCE PHOTOGRAPHER

2001 - Present

As a photographer, I have been published in various magazines, books, and websites. I have worked with numerous clients both in New Zealand and internationally. My passion lies in capturing the human experience. I specialize in portraits, show collaterals, and editorial imagery, and I love collaborating with talented artists. My Academic research is photography based.

### SENIOR BUSINESS ANALYST

1993 - 2001 | Consultant.

As a Supply Value Chain expert, I led the development of planning functionalities for BP USA and the US Department of Defense. I played a key role in major re-engineering projects, supervising resources and monitoring progress. I specialize in coordinating and controlling re-engineering efforts for the Supply & Logistics team in France and India.

Analysis of geographical information  
Analysis and development for commercial strategy.  
Migration and implementation.

### MANAGER

1990 - 1992 | Le Figaro / Promolouvre

*Le Figaro* is the largest newspaper in France.  
I served as the Telemarketing Operations Director, leading a team of around 100 people. Additionally, I managed quality control for newspaper distribution, ensuring high standards and efficient delivery.
