

Sketch based on the idea of a multi-isable space (academie theater update) where every discipline can use the space.

Theatre area: comfortable seating in flat floor composition. Kitchenblock (also used as workspace or technician area) + storage space behind

4 practice rooms at the back

Creative workspace with special designed tables (with wheels) which can be stored or used in very different ways.

Silent place

Every space can be made bigger or smaller with the folding wall system.

Special storage room inspired by lego
masters (figure it out)
