|-------|--|
| 00'00 | Begin walking in any direction, in each of your location.  |
| 06'00 | Choose a surface nearby, place paper on top of it and rub on the paper with the graphite pencil, to create an imprint of the surface. Repeat the action every third minutes. |
| 30'00 | End of walk.   |
- Save the physical drawings and share the photos of them with your co-walkers.
- 

Post processing: Assemble the frottages of each co-walker chronologically.
