Senses-writing

after body-resting and ines talk through:

here together
i can't let go
of breath
my breath
doesn't go flow
wants to settle sink
ink into ink
attached accompaniment
here today inside
waves of wonder
wander
wash
forehead
forgetting hunger
hangs, hovers
healing
trickster
tries to tickle
towards
towers of tricks
huge hovering
helplessness
nestled under my armpits
mobilizing memory
magnificent
and meticulous
marvelous

and testing on a forward bend and a smile
unwind
wind vernacular
exposure united here
again

after reading & listening senses-writing with beverley and elke, each writing 'what remains':

this is me sitting against the wall
my back
my feet
the skin the hole like 'loch', like emptiness
and the whole
dissolving in the cosmos
stiff between my shoulder blades
i can't let go
beyond this space
waves of wonder wave
wash
with ancestors
beyond skin
dissolving
sitting here, sat in this room
