

Poem by Erika Matsunami

Transformative processes, (2022)

Black x (2023)

Freedom can be

the end,

the transformation

and the beginning of something

For B.O.D.Y. - Piece of Glass (2012/2024)

—

B.O.D.Y. - the second skin (2023)

Closeness and distance

Closeness ...

near and far

... and distance

visible or invisible

perceptible

inaudible or audible

tangible or intangible
