Please request the last FAKE Albanian passport dated 2005 for a boy in the fake name "Panagiotis Nigiannis" (ACRO, 2023). This was used by an identified Greek under aged, the one who was living in Hackney: the local government has his legal details.

The Norwegian government owes compensation to an Albanian family, whose son was abducted by the NRM-Norway, in order to make this fake passport, like with all the other ones: twenty-one in total.

Thank you.

Zoe Panagiota Nigianni
