

Form no	How many times per year do you go to science related events?	Is this the first time you have been to an opera?	I was intersted in this performance as a scientific related event (1=strongly agree, 2=agree, 3=neutral, 4=disagree, 5=strongly disagree)	I was interested in this performance as an operatic event (1=strongly agree, 2=agree, 3=neutral, 4=disagree, 5=strongly disagree)	The show presented scientific research I was unaware of (1=strongly agree, 2=agree, 3=neutral, 4=disagree, 5=strongly disagree)	This show increased my insterest in astrophysics (1=strongly agree, 2=agree, 3=neutral, 4=disagree, 5=strongly disagree)	This show increased my interest in opera(1=strongly agree, 2=agree, 3=neutral, 4=disagree, 5=strongly disagree)	How would you rate your experience of "The Flowering Desert" (1=Highly satisfactory, 2=satsifactory, 3=neutral, 4=unsatisfactory, 5=highly unsatisfactory)	This experience helped me to empathise with the abstract concepts of planets and astrophysics (1=strongly agree, 2=agree, 3=neutral, 4=disagree, 5=strongly disagree)	Any comments?

4	0.5	No	5	1	2	4	2	3	4	I felt there was a need for a break to the pattern of the opera. There was a lot of dramatic forms in singing - needed some rest. Very skillful actors/singers. A lot of research behind it.

15	0	Yes	2	2	3	2	1	2	2	Too dark to read. I'd like to know what they were saying (libretto). Perhaps it could be projected? (seems a shame) I like the live music. Projections could be made more of - they're a bit lack lustre and could be more part of the show and could be better exploited.
