

right to lead the path of defining the rules of the play,
the game: WHILE WE SEE PLAYING! All the time I
am navigating my mind that is travelling from the very
present moment to the undefined future: it is a work
of feeling and reading what every action is wanting to
make happen in the future. If we do this, what happens
after, when this is executed, what result will it have
later and so on....

Hum... maybe I am drifting off, maybe not

I wonder how we will define my ~~description~~ interest of
~~the~~ madness and reason with this ~~work~~ work. There's much
going on at the moment which give myriad of different
hypotheses of that question's answer, so let's keep on go-
ing in exploring.

ption

I realise this letter is full of enigmatic thoughts, it
probably means there's a good vibe to discover and create.
Confusion, mystery and questions are necessary and essential
for a fertile ground for the creative act. By thinking about
it I would like to add two more:

FREEDOM

&

HONESTY
