

## **WE HAVE BEGUN - 11**

### **VERSE1**

when I saw you  
caught you staring  
right at me  
I got lost  
in your eyes  
like a dream  
now it don't seem  
to be so

### **UHHH WAHHH**

### **CHORUS1**

You let me into your heart  
never knew  
it so clear  
that we  
were one

You lead me onto a start  
for the two  
of us  
we have  
begun

### **JUUUH**

### **VERSE2**

there you had me  
caught me naked  
out of touch  
and the noise  
was so loud  
but no sound  
could be heard  
in my head

### **UHHH WAHHH**

## **CHORUS2**

You let me into your heart  
never knew  
it so clear  
that we  
were one

You lead me onto a start  
for the two  
of us  
we have  
begun
